Inspection Checklist for 2017 DEERE 320E

General Condition

- - The overall machine condition is GOOD with minimal wear considering 293 hours of use.
- - Exterior paint and decals are intact and in good condition.

Loader Arms

- - No visible signs of bending, cracks, or excessive wear.
- - All pivot points properly greased and free of play.

Hydraulic System

- - Hydraulic fluid levels are within recommended range; no leaks detected.
- - Hydraulic hoses inspected for signs of wear or damage; no issues found.

Engine

- - 66 HP Yanmar diesel engine starts and operates smoothly.
- - No unusual noises, smoke, or vibrations detected during operation.

Operator Cabin

- - EROPS cabin equipped with heat, air conditioning, and radio in working condition.
- - SJC controls are responsive and fully functional.

Tires

- - 12-16.5 tires exhibit 85% tread remaining with uniform wear.
- - No visible damage or punctures on any tires.

Attachments

- - 72" GP bucket inspected; structurally sound with minimal wear.

- - Hydraulic SSL quick attach mechanism operates smoothly.

Performance

- - Two-speed travel tested and functioning properly.
- - Lift capacity of 2,190 lbs verified; no performance issues.

Fluid Levels and Maintenance

- Fluid Checks:
 - Engine oil, hydraulic fluid, and coolant levels within recommended range
 - No contamination or discoloration of fluids
 - Maintenance History:
 - Regularly serviced, last service performed within manufacturer's recommended intervals
-

Inspection Summary

The 2017 DEERE 320E Skidsteer is in **Good Condition** with 293 hours of operation. All major systems and components, including the engine, hydraulics, and operator controls, were thoroughly inspected and found to be fully functional. Minor cosmetic imperfections consistent with age are present but do not affect performance. The machine is work-ready and meets operational standards for resale.
