Inspection Checklist for 2020 John Deere 331G

Equipment: 2020 John Deere 331G Track Skid Steer

Condition: Good

Hours: 2,111

Specifications:

- Cab with heat, AC, and radio
- High flow hydraulics
- 2-speed travel
- Power quick attach
- Joystick controls
- Backup camera
- 91 HP diesel engine
- 3,100 lb operating capacity

Inspection Summary

1. Cab and Operator Controls:

- **Operator seat:** Inspected for wear, tears, and comfort – **Minor wear observed, no functional issues.**
- **Joystick controls:** Tested for responsiveness and precision – **Fully functional.**
- **Backup camera:** Verified operational status – **Working perfectly.**
- **Cab climate system:** Heat, AC, and radio inspected – **All systems operational.**

2. Loader Arms and Attachments:

- **Loader arms:** Checked for structural integrity, cracks, or signs of excessive wear – **No issues detected.**
- **Power quick attach:** Tested for smooth operation and locking mechanism – **Fully functional.**
- **Attachment points:** Inspected for excessive wear or deformation – **In good condition.**

3. Hydraulic System:

- **Hydraulic fluid levels:** Within manufacturer's specifications – **No leaks detected.**
- **Hydraulic hoses:** Inspected for wear, cracking, or leaks – **Minor surface wear observed, no leaks.**
- **High flow system:** Tested for proper operation and pressure – **Operating within specs.**

4. Tracks and Undercarriage:

- **Rubber tracks:** Checked for uniform wear and tread depth – **Approximately 75% tread life remaining.**
- **Track tension:** Adjusted to manufacturer's specifications – **No issues.**
- **Undercarriage:** Inspected for debris, wear, and alignment – **Clean and well-maintained.**

5. Engine and Powertrain:

- **Engine performance:** Started smoothly, no unusual noises, vibrations, or smoke – **Excellent performance.**
- **Diesel engine:** Inspected for leaks, proper fluid levels, and filters – **No leaks, fluids at recommended levels.**
- **2-speed transmission:** Tested for smooth engagement and operation – **No issues detected.**

6. Electrical System:

- **Lights:** Headlights, taillights, and work lights tested – **Fully operational.**
- **Battery:** Voltage and connections checked – **Battery holds charge, terminals clean.**
- **Wiring:** Inspected for wear or damage – **All wiring in good condition.**

7. General Condition and Additional Features:

- **Body panels and paint:** Inspected for dents, scratches, and rust – **Minor surface scratches, no structural issues.**
 - **Backup alarm:** Verified operational status – **Working correctly.**
 - **General cleanliness:** Machine is clean and well-maintained overall.
-

Inspection Notes

The 2020 John Deere 331G is in **good condition**, showing signs of regular use but no major wear or issues. All systems are operational, and the machine is work-ready. Minor cosmetic wear observed does not affect functionality.

Condition Assessment

Overall Condition: 90%

- **Strengths:** Hydraulic system, engine, and operator controls are in excellent working condition. Tracks have sufficient tread life remaining for extended use.
 - **Weaknesses:** Minor cosmetic scratches and surface wear on tracks.
-

Professional Mechanic Approval

This inspection was performed by a professional mechanic with expertise in skid steer equipment. The John Deere 331G is cleared for immediate use and meets all operational standards for its category.
