Inspection Checklist for 2021 BOBCAT S76

Make/Model: 2021 BOBCAT S76

Hours: 1,557

Condition: Good

Exterior & Frame

- Loader arms inspected for structural integrity-no cracks, bends, or excessive wear.
- Frame and chassis free of visible damage, corrosion, or weld repairs.
- Paint in good condition with minor scratches consistent with usage.

Cab (EROPS)

- Cab doors, seals, and locks operate smoothly without defects.
- Enclosed cab (EROPS) heating, air conditioning, and radio systems tested-fully functional.
- Rearview camera operational with clear image display.
- Operator seat in good condition, no tears or excessive wear.

Controls

- Hand and foot controls responsive with no sticking or play.
- Joystick and auxiliary controls operate accurately, allowing smooth transitions between functions.
- Safety interlock system operational-prevents unintended movement.

Hydraulic System

- Hydraulic fluid levels within recommended range-no leaks detected.
- Hydraulic hoses and connections inspected-no visible wear or damage.
- Auxiliary hydraulic system tested and operational.

Engine (Doosan Diesel, 74 HP)

- Engine starts smoothly, runs without unusual noises, smoke, or vibrations.
- Oil level and quality within specifications-no leaks detected.
- Fuel and air filters inspected, no signs of blockage or wear.

Loader Mechanism

- Hydraulic SSL Quick Attach operates correctly-locks and unlocks bucket securely.
- 74" GP Bucket inspected-minimal wear, cutting edge in good condition.
- Loader arms function without delays or jerky motion.

Tires & Suspension

- 12-16.5 tires inspected-uniform wear with at least 80% tread remaining.
- Tire pressure within manufacturer specifications.

Drive System

- Two-speed transmission tested-shifts smoothly between high and low speeds.
- Driveline components inspected-no unusual noises or excessive wear.

Electrical System

- Battery terminals clean and secure; voltage within acceptable range.
- Lights (headlights, taillights, and safety lights) and horn fully operational.
- Wiring harnesses intact with no visible fraying or damage.

General Operating Test

- All systems (engine, hydraulics, controls) tested under load-performing as expected.
- No warning lights or error codes displayed on the dashboard.

Summary

The 2021 BOBCAT S76 was thoroughly inspected and is in GOOD CONDITION. It demonstrates reliable performance across all key systems, with minor wear consistent with usage hours.

This Skidsteer is work-ready, requiring no immediate repairs or maintenance.
